### The “NEW” Virtual Site Visit

Events always need to be sourced. Yet planners are unable travel easily, client budgets are **tightening** and hotel and venue sales teams are often unavailable.

**virsitour answers all these issues and more.**

### Other Issues & Innovation

Hotels and Venues wait for planners to find their site and drill down their info. Properties may have virtual site tours but without a great marketplace to present them. What if thousands of planners **found your property**, viewed your virtual tour, **sent vetted RFP's** and linked to your sales team as well?
